

SAMSUNG BD-C6900 3D BLU-RAY PLAYER

There's only one Blue Ray Disc Player that delivers the total viewing experience, bringing your senses straight to life. It's the Samsung BDP C6900. With its explosive 3D capabilities, you'll be able to see the world as you've never seen it before. And more of it; Internet@TV Televisions brings your favourite web content to your TV Televisions screen. And with the Ultra Fast Play feature, movies start playing the moment you insert them. So whether you're watching your favourite film or web content, the BDP C6900 was engineered to broaden your perspective.

There's only one way to experience 3D when you're not in a theatre. And that's the Samsung 3D LED TV Televisions. It offers the ultimate immersive viewing experience by liberating content from the flat confines of the TV Televisions and turning it into explosive imagery. The effect is breath taking – life enriching, ultra-real picture quality that rivals the cinema – imported into your own living room. Samsung innovation has even made it possible to convert your favourite 2D movies to 3D. Because a Samsung 3D LED TV Televisions demands your attention, no matter what's on.

At Samsung, we believe there's always room for improvement. We applied this philosophy to eradicating the time it takes for a movie to actually start after inserting the disk into your blue-ray player. Our BD-C6900 was engineered with ultra fast play to eliminate those annoying loading times. It gets you into the entertainment right away. So sitting down to watch your favourite drama no longer entails the drama of slow device booting and clumsy tray openings.

The new Internet@TV platform provides viewers with a gateway to a multitude of entertainment ranging from Video, Music, Social Networking, News and Games amongst others. Samsung's Internet@TV offers users a diverse range of content to bring something for everyone in the family. Effortlessly connect your new Samsung BD-C6900 to the internet via the built-in wireless capability access great services such as LOVEFiLM, BBC iPlayer, Twitter, YouTube and many others.

SAMSUNG BD-C6900 3D BLU-RAY PLAYER

The BD-C6900 boasts design that is both modernised and minimized, making it as much part of your living room as it is your home theatre system. With illuminated disc display and blue lighting, its logo shines when the player reads disc. Only 39mm wide, the BD-C6900 slim body hides the disc loading door but through its cool transparent window on top you can see what disk is playing. Factor in its sleek, chic finish and there's no doubt that this player has the high end looks to match its high end performance.

Now you can enjoy movies, music, photos from your pc and mobile devices, through your Samsung Blu-ray player. With the BD-C6900, AllShare wirelessly syncs to your PC and Samsung mobile phone via your home network, streaming content and even keeping tabs on who's calling and texting you with real time monitoring on your screen. Samsungs AllShare makes staying connected easy.
